OVERCOME ADVERSITY WITH ALBAN RENTAL SOLUTIONS

ALL YOU’LL EVER NEED, ALBAN RENTAL SOLUTIONS. POWER, TEMPERATURE CONTROL, AIR & PUMPS.

800-443-9813 • www.albancat.com
POWER  RELIABLE POWER FOR CRITICAL MISSIONS

GENERATORS
Up to 400 kW, self-contained package, sound attenuated enclosure, double walled fuel tank, easy to use controls, convenience outlets, mounted on a trailer.

450 to 2,000 kW, self-contained in a sound attenuated ISO container, double walled fuel tank, easy to use controls, mounted on a chassis.

800 kW and above have utility compatible paralleling capabilities.

AUTOMATIC TRANSFER SWITCHES (ATS’s)
Up to 1,600 amp, NEMA 4 weatherproof enclosure, with camlock connections.

Up to 4,000 amp, NEMA 3R weatherproof enclosure, with easily accessible buss.

DISTRIBUTION
Up to 3,000 amp, wide range of breaker panels, breaker disconnects, spider boxes, quad boxes, extension cords.

LOADBANKS
100 kW suitcase loadbanks, which can be networked, and are easy to carry, for rooftop applications.

Up to 1,300 kW resistive type, trailer mounted.

Up to 2,640 kW resistive/reactive, mounted on a drop deck.

TRANSFORMERS
Up to 2500 kVA oil filled, multi tap, suitable for outdoor use.

MEDIUM & HIGH VOLTAGE...
equipment available, depending upon request.

ACCESSORIES
Cable, cable ramps, tails, external fuel tanks, fuel service.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

UNINTERRUPTIBLE POWER SUPPLIES (UPS’s)
Up to 900 kVA rotary units, packaged in an ISO container, air conditioned, ATS’s for critical and non-critical loads, mounted on a drop deck or chassis.

DRYERS
A full range of desiccant or refrigerant dryers.

ACCESSORIES
Hoses, hose whips, manifolds, valves, fittings, external fuel tanks, fuel service.

COMPRESSED AIR  KEEPING THE PRESSURE ON

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.

INSTRUMENT QUALITY AIR COMPRESSORS
Up to 1800 cfm, after cooled and filtered, self-contained package, sound attenuated enclosure, mounted on a chassis. Predominantly engine driven, but electric motor drive is available.

HIGH PRESSURE AIR COMPRESSORS
Up to 1400 cfm at 200 psig, after cooled and filtered, self-contained package, sound attenuated enclosure, engine driven, mounted on a chassis.

X-HIGH PRESSURE AIR COMPRESSORS
Up to 1350 cfm at 365 psig either hot air discharge or after cooled and filtered, depending on configuration, self-contained package, sound attenuated enclosure, mounted on a chassis.

OIL FREE AIR COMPRESSORS
Up to 2300 cfm, either engine driven or electric motor drive, in a variety of configurations.
**TEMPERATURE CONTROL**  
**CONSISTENT CLIMATE CONTROL**

**AIR CONDITIONERS (DX)**  
From 1 ton spot coolers up to 80 ton air conditioners, in a range of configurations.

**AIR HANDLERS**  
Up to 120 ton, with chilled water or steam coil.

**CHILLERS**  
Up to 525 ton, open frame, forkliftable or mounted on a drop deck or chassis, with dedicated pumps. The majority are air cooled, however water cooled units are available, on larger sizes.

**COOLING TOWERS**  
Up to 500 ton, self-contained, modular design, with dedicated pump.

**HEATERS**  
Up to 150 kW electric, the larger units have return air capabilities.  
Up to 700,000 BTU gas, direct fired, natural gas or propane.

**ACCESSORIES**  
Hose, cable, duct work, propane tanks, propane service, valves, fittings, water tanks.

**PUMPS**  
**PRIMED AND READY TO GO**

**AUTOMATIC SELF PRIMING PUMPS**  
Up to 12 inch or 8,000 gpm, vacuum priming, solids handling with a back flush valve to clear the strainer. Engine driven, a sound reducing canopy, mounted on a trailer.

**HIGH PRESSURE AUTOMATIC SELF PRIMING PUMPS**  
Up to 8 inch and 440 ft head, vacuum priming, solids handling with a back flush valve to clear the strainer. Engine driven, sound reducing canopy, mounted on a trailer.

**WELLPOINT DEWATERING PUMPS**  
Up to 12 inch, self-priming, solids handling, sound attenuated enclosure, engine driven, forkliftable skid.

**PIPE FUSING MACHINE**  
Up to 20 inch pipe, self-propelled, with sound reducing canopy.

**ACCESSORIES**  
Hose, pipe, valves, fittings, external fuel tanks, fuel service.

---

For **Emergency Service** (after hours 5pm-6am) and all day and night on weekends call: **800-443-9813**
24/7/365 service
Dedicated team of rental specialists, to assist, where needed
Turnkey project capabilities
Largest fleet in the tri-state area
Excellently maintained, low hour units
Latest emissions standards
Oil and filter changes free, in our territory
No environmental fees

ALL YOU’LL EVER NEED, ALBAN RENTAL SOLUTIONS

WHY RENT FROM ALBAN?

ALBAN RENTAL SOLUTIONS • Toll Free: 800-443-9813

ELKRIDGE: 6387 Old Washington Road, Elkridge Maryland, 21075
Tel: 410-796-8000 • Fax: 410-796-0006

MANASSAS: 11441 Robertson Drive, Manassas, VA 20109
Tel: 571-359-6660 • Fax: 410-796-0006
