Trail King offers a complete line of open deck and materials hauling trailers for the construction, agriculture, transportation, and specialized hauling markets. With load capacities ranging from 12,000-1,000,000 pounds, there’s a Trail King trailer perfectly suited to meet your hauling needs.

Towmaster trailers have been developed and designed for the long haul. They have a reputation for quality, durability and aesthetics. They stand behind their product because they know that their trailers just plain work. Value combined with the features you need and the quality you want.

For all your truck & trailer needs, contact your sales representative or Sandy Childs, Sales Manager 800-492-6994
